

## GERMANS SHELL U. S. CEMETERY

Graves of Americans Near Picardy Front Dug Up by Enemy.

(Associated Press.)  
With the American Army in France, May 25.—The Germans have been deliberately shelling an American cemetery near the front in Picardy. Recently one grave was torn up four times.  
It may be cited in contrast that the Americans in this sector a few days ago took a German prisoner who was mortally wounded. He died and was accorded a Christian funeral and burial in the American cemetery near the front. His grave was marked in the same manner as the others.  
Artillery Only Active.  
Except for artillery activity the American front in Picardy has been quiet for several days. There are signs behind the German lines of slight movements, but nothing further to indicate that the enemy is preparing to launch an attack here.

## STEELS AND EQUIPMENT ADVANCE 3 TO 10 POINTS

(Associated Press.)  
New York, May 25.—On only a partial slowing down of operations the stock market this week again reflected the most hopeful feeling prevalent in banking and industrial circles.  
Some of the leaders sustained moderate reactions, but these were largely restored later, while various specialties exceeded their previous high quotations of the year.

The liberal financial appropriations granted to the transportation companies, increasing activity in the western war zone and the divergence of opinion regarding revenue legislation at Washington entered into the calculations of conservative observers, the latter situation exciting especial interest.

Standard rails again played little part in the daily dealings, proving at times more susceptible to pressure than stocks of less intrinsic value. Secondary or low-priced rails held firm to strong on the more promising crop outlook.

Steels and related equipments, together with various specialties, having only remote claim as war issues, registered extreme advances of 3 to 10 points, in a few instances making greater gains.

United States Steel indicated restraint due to the government's attitude respecting trade regulations, and coppers, though yielding only slightly, expressed disappointment at the failure of the war board to increase the price of that metal.

Shipings bulked large on the speculative horizon, but manifested occasional unsettlement at the delay in the consummation of the mercantile marine deal.

## SCHOLARS PRESENT "VILLAGE POSTOFFICE"

The East Chattanooga school presented a comedy play before a large audience Friday night. The title of the comedy was "The Village Postoffice," and truly the serious side of life gave away to the good-humored side, in fact, the shifting of the slides, so to speak, continually presented surprises of the most hilarious nature.

## SUIT AGAINST RAILWAY COMPANY SETTLED

The suit of Mrs. Carrie Sramek against the Chattanooga Railway and Light company was settled for \$600 Saturday morning through her attorney, Righter A. Cogswell. The suit which was for \$5,000 was the result of injuries the plaintiff received while on board one of the defendant's cars.

## More Men Wanted for S. S. Service

The announcement that the men of the First Presbyterian Church had inaugurated a Sunday School class for men just a little different than the Bible class caused several men to attend the class last Sunday, and they went away promising themselves that they would return next Sunday.

Among the newcomers was a traveling man who was in the city for the weekend. There was also one soldier present. He was made to feel at home, as all men are who attend the class.

More men are wanted to-morrow morning. Your religious preference makes no difference. The class is for men of all denominations who care to attend and enjoy an hour listening to a talk on the lesson of the day.

The class meets in the gallery of the church. You won't need a diagram to locate it as you will find one or more members of the class out in front who will welcome you.

Sunday School starts at 9:30. The class assembles at 10 a. m. and adjourns at 10:30 a. m.

A welcome awaits you to-morrow morning. Won't you come and meet with us? You don't have to continue unless you so desire. Just drop in and see how you like our class.

THE COMMITTEE.

## GIST OF WAR SITUATION AS GIVEN BY THE TWO NEWS SERVICES

(Associated Press.)

Mexico has severed diplomatic relations with Cuba. This action by the Mexican government comes unexpectedly in an announcement from Mexico City. Official confirmation from the Cuban government is lacking, but it is reported there have been rumors in Havana of strained relations between the two governments. The Mexican charge to Cuba left there this week for home.

American troops on the way to the battlefields of France to the number of fifty-six have been lost in the torpedoing of the British steamship Moldavia by a German submarine in the English channel.

Further details of the tragedy have been disclosed. The American soldiers missing are believed to have been sleeping when the vessel was attacked. The attack came early Thursday morning and the submarine succeeded in getting away unscathed. According to survivors the Moldavia was near the southeast coast of England on her way to an English port.

Escorting destroyers rescued the survivors who had fallen into line on the deck of the ship immediately after the torpedo struck near the bridge. The soldiers lost all their belongings. The loss of the Moldavia parallels the sinking of the Tuscania off the northern coast of Ireland last February with the loss of 101 American soldiers. The calmness of the soldiers, most of them new to the sea, and the prompt work of the rescuing destroyers were the same. More than 2,000 American troops were on the Tuscania, while the other troop ship with Americans sunk by the Germans, the Anzio, sank off the coast of Sicily. Seventy were lost in the sinking of the Anzio.

In the same territory where the Moldavia evidently went down the Cork steamer Inniscarra was sunk Tuesday morning while on the way from Glasgow to Cork. Thirty-seven were lost, only five members of the crew being saved.

The liberal financial appropriations granted to the transportation companies, increasing activity in the western war zone and the divergence of opinion regarding revenue legislation at Washington entered into the calculations of conservative observers, the latter situation exciting especial interest.

## GIRLS SHINE SHOES FOR RED CROSS FUND

If you are hungry, need your shoes shined, anxious to play bridge, or if you would like to glide to inspiring music, and at the same time help the Red Cross, visit the Park hotel today. The young girls of the Godmothers' association have entire charge of the hotel and all proceeds for the day will be given to the Red Cross.

The hotel is attractively decorated in red, white and blue bunting, American flags and Red Cross posters, and with such a levy of Chattanooga's most attractive girls wearing Red Cross costumes, forms an irresistible scene.

Lunch was served from 12 to 2 o'clock, and dinner will be served from 6 to 8 o'clock. Among those making reservations for dinner are Mrs. Garnett Andrews, a party of twelve, and Mrs. E. Amos, a party of seven. Dr. L. R. Stone entertained the members of the Dental association at lunch.

In the afternoon a bridge party will be enjoyed. Six tables have been engaged. Mrs. W. H. Reynolds is in charge of this feature. Music will be furnished by the orchestra and evening by a piano orchestra.

Red Cross jitneys are being run to Camp Forrest for the benefit of the soldiers by Misses Mary Elizabeth Swancy, Betty Andrews, Gloria Lamb, Nancy White, Catherine Phillips, Emily Miller and Miss Mills.

A dance will be given in the evening in the sun parlor. The following will act as patrons and patronesses: Capt. and Mrs. C. A. Lavery, Dr. and Mrs. J. M. Houghton, Mr. and Mrs. Emmett Newton, Mr. and Mrs. Garnett Andrews, Mr. and Mrs. M. B. Ochs, Mr. and Mrs. A. C. Williamson, Mr. and Mrs. Mark Quinn and Mr. and Mrs. Mark Morrison.

## CHATTANOOGA BOYS LAND IN FRANCE

A cablegram has been received from Capt. W. J. Hillas by his sister, Miss Margaret Hillas, of this city, stating that he has arrived safely in France. Capt. Hillas was a member of the 117th Infantry that sailed from America about two weeks ago. This infantry was made up almost entirely of Chattanooga boys, including some of the first draft boys. This infantry also included a large part of the old Third Tennessee, Battery B, Troop B and what was formerly Company K of this city are part of this division, and though the information received only stated that the 117th had arrived, it is presumed that the entire division is "over there."

## ABEL ORDERS INQUIRY INTO RESTAURANTS

Supt. J. W. Abel, food administrator for Hamilton county, stated Saturday morning that he had designated a special committee to investigate the local restaurants. He has instructed the members of the committee to visit every restaurant and public eating place in Chattanooga on wheelsless days and of which was failed from America to take the names of those who are not complying with the food regulations regarding the use of wheat products. The administrator states that when this investigation has been completed all restaurants where the food regulations are being violated will be dealt with according to law. This means that the wholesale houses will be advised to make no more deliveries to them.

## SCOUTS FORM BICYCLE AND DRUM CORPS

Troop 1 of the First Baptist church has taken on new life. During the last few meetings much interest has been shown, and several new members have been received. Scoutmaster Otis Everett has been put in charge. Troop 1 has had quite a history during its long life in the city, some very disagreeable experiences as well as pleasant ones. The "John Staggman band" is one of its products, and many of the old members are now in the French trenches putting in practice their scout ideals.

Troop 5, under the valuable leadership of Scoutmaster Mulkey, continues its rapid growth in scouting. The members have enjoyed several long hikes during the past few weeks, one of which was an overnight hike to Raccoon mountain.

Troop 4, of Missionary ridge, since the leaving of Dr. Johnson, has been placed under Prof. Spencer McCallie and is rapidly finding its place among the older troops of the city. Several of the members are preparing for the second-class examination, which is principally in first aid and life saving. Troops 5 and 6, of Park Place, con-

(International News Service.)

For the second time the Germans have extended the area of their tremendous gas bombardment in the sector of Bethune, on the southern end of the Flanders battle front.

At first it was confined to the district immediately north of Bethune, but later the German guns began to hammer the British positions in the Nieppe forest with their Essen-laden projectiles. Throughout last night the Germans turned their attention to the zone lying due east of Bethune and now it is being drenched with deadly fumes.

Apparently the cannonades have covered a front of fifteen miles or so. Bethune is an important British position and it is probable that the Germans will make strong efforts to capture it when they renew their drive on the western front. There is a sharp salient in the German lines north of Bethune and it would be to the advantage of the Germans to attack in this sector in an effort to straighten out their front. There is little likelihood of a German success, although they might make local gains. The British hold powerful positions in the hills around Bethune, and during the month's lull have had ample time to make them absolutely impregnable.

In addition to the German gas shelling the big guns are thundering on other parts of the Picardy and Flanders front.

If the Germans have not completed their preparations for a renewal of the drive they must be nearly over with it by this time.

The German offensive opened sixty-six days ago today.

## MAHONEY WILL BE GIVEN AN ASSISTANT

Work of Sealer of Weights and Measures Becomes Too Heavy for One Man.

Sam H. Carter, now traffic policeman in front of the station, will be come assistant to T. F. Mahoney, sealer of weights and measures, at the city hall. This department, under Mr. Mahoney, has sprung up from insignificance to a position where it saves the people of Chattanooga hundreds of thousands of dollars per year. Work at last became too heavy for Mr. Mahoney, and the city has decided to place an assistant at the disposal of the sealer of weights and measures.

Mr. Mahoney's office, just back of Mr. Herron's looks like a laboratory for experiments while stating that it is a pile of condemned scales that were short-weighting the public. There are testers for gas and water meters and very soon an electric meter tester will be installed.

A calorimeter for measuring the heat of this in gas occupies one table, and it is worth while stating that the Chattanooga gas is of good quality.

There is also a gas pressure gauge, and it is still more worth while remarking that the gas pressure is still too high. It is now standing at 51-2 inches, whereas the franchise calls for 5 inches.

Equipment for testing oil pumps and all sorts of scales are among the other appliances.

Mr. Carter, the new assistant, will be used first as a water and gas meter reader and will cover the innumerable complaints that continually come into the sealer of weights and measures office.

An automobile will also be added to the office to speed the work.

## JUDGE NATHAN BACHMAN TALKS FOR RED CROSS

Little Village of Coalmont Subscribes Five Times More Than Its Quota.

Judge Nathan L. Bachman has returned from Coal Mount, Tenn., where he spoke Thursday night in the interest of the Red Cross. Judge Bachman stated that he spoke to a large crowd of people assembled in the town, and that he had never witnessed such enthusiasm and patriotism. "I have never seen such a difference between the way the people feel now and the way they felt two months ago in my life," said Judge Bachman. "The country and towns are alive with patriotism, and every man, woman and child are doing all in their power to help win this war."

Coal Mount has subscribed \$2,500—five times her quota.

Judge Bachman speaks Sunday afternoon at 2:30 o'clock to the Ladies' auxiliary of the Brotherhood of Locomotive Engineers, to which every member and their families are invited. The meeting is for the raising of a service flag with a star for every member of the order now in the army. A large crowd is expected to be present.

## CONVICTED OF ENTICING LABOR FROM STATE

E. L. Berry, colored, was fined \$25 and costs and held to the grand jury under \$250 bond Saturday morning by Judge Fleming on the charge of enticing labor out of the state. The case was worked up and the arrest made by Deputy Sheriff Parker. Berry is from Indianapolis and came to this city and secured work at the Cahill foundry, and it was while he was there employed that he undermined his employer and attempted to organize a crowd of laborers and induce them to leave the city. Deputy Sheriff Parker was notified and after making an investigation arrested Berry.

## FRED HINES INJURED WHEN CYCLE HITS AUTO

Fred Hines is at the Wolford-Johnson infirmary, suffering from injuries received about noon Saturday in an accident near the corner of McCallie and East End avenues. A motorcycle which Hines was riding and an automobile driven by H. J. Martin collided, and Hines was thrown from his machine. Patrolman Albert Holder picked Hines up and carried him into the infirmary, where he was given medical attention. He was painfully bruised and sustained a badly scalped wound. Martin was registered at police headquarters, charged with violating the automobile ordinance, and released on his own recognizance. He claimed that he was not at fault.

## REPUBLICANS INDORSE BASS

Fight to Be Concentrated on Conner, Springfield and Gadd.

Harmony was the keynote of the meeting of the Hamilton county republican executive committee which was held Saturday morning, and the committee with the single objection of W. Scott Raulston, indorsed the candidacy of George W. Chamlee for attorney-general, Charles Watson for county clerk, Robert P. Bass for sheriff, and Charles Baker and George Kirklin for constables from the First district. The resolution indorsing these candidates was read by O. W. Reeves and was seconded by Andy Ware. Mr. Raulston then arose and stated while he did not want to be contentious, he thought the indorsement of the democratic candidates should be voted on separately as he was for some of the candidates and not for others. However, Andy Ware stated the pill was bitter enough as it was and he believed that if the republican party had to swallow it they had better just swallow it down and have it over, for he believed that the indorsement of the democratic candidates would prove too sickening. Maj. Chas. R. Evans arose to make a talk, but was forced to take his seat when cries for the question were begun. The motion was then put and carried with Mr. Raulston voting no.

A resolution was then read and unanimously adopted pledging the enthusiastic support of the party to the candidacy of Sam A. Conner for county judge; Willard J. Springfield for register; and J. Ansel Gadd for circuit clerk. The candidacy of the republican candidates for justice of the peace were indorsed. The resolution stated that while some reports had been received regarding trouble within the party ranks that it was a mistake, and the party now stood as a unit for its candidates and those they had indorsed.

Chairman Tinker presided, and stated he was sorry reports had gotten out regarding some dissatisfaction in regard to certain chairmen, and declared that it was a mistake. He advocated the very strictest harmony within the ranks and predicted success for the republican ticket in August. On motion of Andy Ware, the chairman was empowered with the authority to appoint a committee of seven to work in conjunction with him as chairman during the time from now until the August election. The resolution was unanimously carried.

Wassman Named Chairman. Immediately after the meeting of the Hamilton county republican executive committee Saturday the republican county primary committee held a session and Emil Wassman was elected chairman and O. W. Reeves, secretary. The other members of the committee are John R. Newman, W. Scott Raulston and G. W. Burgess. The committee then adjourned to meet May 29 for the purpose of allowing such candidates who wish to qualify for the legislature and other such offices as the law requires qualification before the committee. The meeting on May 29 will be held in the grand jury room at the courthouse at 10 o'clock.

## PERCY LONG OUT ON TRIAL; WILL JOIN ARMY

Percy Long, who was several weeks ago arrested in Georgia charged with transporting whisky, and after pleading guilty given a fine of \$100 and sentenced to three months on the Georgia chain gang, is free and was in Chattanooga Friday. Mr. Long stated to a friend that he was out on condition and had until Sept. 1 to make good. He is reported to have paid all fines and costs in the case and is going to join the army.

Long, it will be remembered, was caught in Georgia with twenty-five gallons of moonshine liquor in his automobile. He was run down by the authorities and taken to Trenton, where he was tried before Judge Tarver. It is understood that the same attorney in whose automobile the sheriff ran Long down was also the attorney who defended him in the trial. The Georgia attorney stated that at the time they were trying to catch Long he did not know who it was. Long was debarred several months ago both in the state and federal courts from the practice of law until Jan. 1, 1919. However, it is understood that if he accepts the opportunity to make good there is some chance for his reinstatement to the state courts.

## CLOSING EXERCISES HOWARD HIGH SCHOOL

The closing exercises of Howard High school (colored), will be held at the Liberty theatre at 3 o'clock Sunday afternoon. The program for the event is as follows:

Invocation—Rev. Charles A. Bell. Anthem—"Praise God We Are Not Weary." Howard High school chorus. Essay—"Home Economics in Our School." Rebecca Louise Bloodworth, second honor.

Piano Duet—"Serenade" (Schubert), James Cobb and Charles Lewis. Essay—"The Negro as a Soldier." Sallie Maida Ellison, first honor.

Four-Part Song—"Babylon" (Watson and Warhurst). Howard High school girls' chorus.

Introduction of Speaker—Superintendent Charles H. Winder. Commencement Address—Isaac Fisher, university editor of Fisk University, Nashville.

Song—"Reap the River," arranged by H. T. Burleigh; Howard High school chorus.

Presentation of Diplomas—Commissioner H. D. Huffaker. Song—"America," closing with patriotic pledge, Howard High school chorus.

Benediction—Rev. D. W. Bloodworth. The graduating class is as follows: Marion Elizabeth Barnett, Elsie Marion Billups, Rebecca Louise Bloodworth, Ollie Mae Bond, Sallie Maida Ellison, Edmond Ambrose Heard, Gladys Joy Howe, Gladys Obelha, Hurl, Lue Bright Young, Ada Louise Pitts, Fannie Meredith Scott, George Elizabeth Shepherd, Willis Clayton Vaughn, Rosalind Margaret Williams, Alma Meta Woods, Ruth Elizabeth Young.

tinued to hold first place among the city troops.

Troop 7, of the Central Y. M. C. A., has become the second largest troop in the city.

Troop 9, of North Chattanooga, has clearly shown that it can be counted on when service is wanted. Several new members have been received during the last few meetings. The organization of another troop in that section of the city is being considered.

Troop of Alton Park, has at last come to life. Five of its members were present at the last assembly.

What has become of Troop 11, of East Lake, many of the scouts and scout officials are wondering. At the last two assemblies of all the troops at Boy Scout headquarters not a member from that troop was present.

Troop 12, of the First Christian church, has become one of the most encouraging troops of the city.

Two new troops are under organization. St. Elmo, three in South Chattanooga, and the First Christian, two in East Chattanooga, one in Avondale and one more in Ridgedale. All these troops are expected to be registered by June 1.

At the last assembly meeting of all the scouts, held at scout headquarters, Scout Executive Bachman gave out a call for volunteers to make up a bicycle corps of the First Christian church. Fourteen scouts have already volunteered for the bicycle corps and five for the bugle and drum corps. Others are expected during the next few days. The following are the scouts who have offered their service in this way: Bicycle corps, Ernest Hood, Carl Barker, Milton Thompson, Charles Cantrell, Louis Smyth, Robert Eacy, Brewster, Korner, John Johnson, Thomas Nommacher, Branard Cooper, James Clark, Edward Plummer, George Little and Herman Dood, Jr.; bugle and drum corps, Ralph Kelly, Paul Bush, Grant Egan, George Kuntz and Thomas Nommacher.

## LONG TO BE TRIED AT ROME, GA., JUNE 10

A special session of the federal court has been called at Rome, Ga., beginning June 10, at which time Bert Long will be tried charged with the murder of Eddie L. Charles, a soldier. The killing occurred Feb. 24 at Chickamauga park, when Charles was found in the woods near Camp Forrest. Though his throat was cut, he was still alive.

The attorney for Long in Rome on Friday made the argument that the federal court had no jurisdiction over criminal cases for the reason that when Chickamauga park was ceded to the government by federal authorities the right of jurisdiction over all criminal cases was reserved by the state, except where the government was interested. However, Judge Newman overruled this contention and ordered the case set for trial June 10, at which time he told both sides to be ready.

It will be remembered, was indicted by the federal court at Rome several days ago on the evidence of Thomas Carden, his pal, who claims he was with Long when the latter cut Charles' throat. Carden made the statement while confined in the Hamilton county jail and after he and Long had been given long sentences in the state penitentiary for a series of robberies. While in jail both Long and Carden made preparations to escape. A number of saws and files were found in their cell by Jailer Charley Whitcomb. Long refused to talk regarding the murder of Charles except to deny his guilt. After Judge Newman's ruling on Friday, Long was taken, under four guards, to the Atlanta prison, where he will remain confined until the trial of his case.

## WHISKY DETECTIVES GRAB WOMAN AND TWO MEN

Will Light and Ed Tate, plainclothes officers of the local police department, and provost guards arrested John Light, Mrs. E. L. Roth and Luther Barrett, of South Chattanooga, and a quantity of liquor taken in charge. Light was charged with selling, transporting and storing and marked "hold for government." Mrs. Roth selling and storing, while Barrett was charged with selling liquor to soldiers. The arrest of Light was made at 10 o'clock Friday night, and Mrs. Roth at 10:15. She made bond for her appearance in court.

John Light is a brother of Plainclothesman Will Light. Mrs. Roth is the mother of Ed Roth, the young man whose place was recently raided by provost guards.

In police court Saturday morning, Mrs. Roth was fined \$100 and costs and bound over to the grand jury on a charge of storing whisky. Light was fined in the city and placed under a bond of \$250, charged with selling and storing. Barrett was held as a state's witness.

J. C. Attaway, arrested by Patrolman J. B. Goudy and J. W. Duncan, was fined and bound over on a charge of storing whisky. Ben Brown met the same fate on a similar charge. Light and Tate were the arresting officers. J. W. Riley was discharged on a charge of selling intoxicating liquor.

## Down and Out at Work; Salvationist Move On

The down-and-outs are at work these days, so the Salvation Army reclamation department is preparing to leave Chattanooga for more exiguous fields.

In an interview this morning a Salvation Army official stated that the Army's industrial home at 204 1-2 Carter street would be discontinued. All need of such a home has disappeared from the city. Everybody is at work for good pay.

A great number of Salvation Army officers have been sent to France, and the institution has been left short-handed; likewise the great national charitable undertaking, such as the army and the Red Cross, have shortened the available funds for the Salvation Army.

Capt. Van Felt, local commander, will go to some other field where the needs for help are greater than here.

Maj. Don of Birmingham is now in Chattanooga arranging for the disposal of all the Army equipment.

The officers state they would like to thank the people of Chattanooga who so kindly helped their cause.

## CHATTANOOGA YOUTH IN AETNA CHEMICAL EXPLOSION

John Dayton, 18, son of Mrs. W. H. Dayton, 120 Oak street, was probably killed in the explosion of the Aetna Chemical company at Oakdale, Pa., Dayton and a college friend, Fred Skidmore, of Winchester, left Sewanee college to accept a position with the Westinghouse company in Pittsburgh, Pa., where they checked shells for the British government. After working at this hazardous job for several weeks they transferred to the Aetna plant. The boys went into the plant Monday and it exploded Wednesday.

A telegram from Skidmore to his mother in Winchester, stated that young Dayton was killed. Mrs. Dayton has telegraphed the officers of the company, but has heard nothing official.

## RED CROSS FUND KEEPS GROWING LARGER

Probable That Ten Thousand More Will Be Added by Monday Night.

Chairman W. E. Brock, of the Red Cross drive, said this morning: "We are busy with a force of eight people auditing all reports, both general and industrial subscriptions, with the view of getting everything wound up so that they can close the office at 6 o'clock Monday evening, May 27."

From the number of telephone and personal calls at the office, Mr. Brock said it was evident that a great many were not seen by the solicitors during the three days' whirlwind campaign. He will be in the office at the Broad street entrance of Payne's bookstore to receive subscriptions until Monday evening.

A telegram from Wickes Wamboldt, southern division director, was received this morning at headquarters, asking that Mr. Brock have it announced from the pulpits Sunday that the campaign will continue through Monday.

At the booths on Market street, under the direction of the Godmothers' association, \$160.11 was reported as taken in Friday, and the volunteer subscription went over \$1,500.

Fine Quota for Postoffice. Postmaster Howell reported Saturday that postoffice employees here had subscribed \$454.72, an average of \$4.34 for each man.

## WOODWORKERS WILL TALK OVER STRIKE

Owing to a walkout of forty woodworkers from the Odorless Refrigerator company at 10 a. m. Friday, a big meeting of woodworkers, millmen and box-makers is called for Sunday at 2:30 p. m., which is to be held at Chattanooga Trades and Labor council hall.

The men contend that the refrigerator

company has been fighting the union men ever since the organization of the union, six months ago. The walkout is the result of a demand and a refusal of a 10 per cent. increase in wages.

As a result of the demand, five woodworker leaders were fired, according to the report of the men. This may lead to a sympathetic strike.

All woodworkers, millmen and box-makers are being urged to attend the meeting at the Trades and Labor council (Central Labor union) hall, in order to determine what course shall be taken in this emergency.

## DRAFT REGISTRARS TO MEET NEXT SATURDAY

To Receive Instruction for Registration on June 5 of Men Just 21 Years of Age.

Members of all local draft boards met in Foster V. Brown's office Saturday morning to discuss the June 5 registration of young men who have reached the age of 21 since that date one year ago. It was decided to call a meeting of all registrars next Saturday at 10 a. m. in the circuit court room at the courthouse, when they will receive explicit instructions.

## DR. J. S. JONES TO PREACH HERE SUNDAY

Dr. J. S. Jones, former pastor of the Ridgedale Memorial M. E. church, is visiting in the city and will conduct the services Sunday evening.

## JUDGE JOE V. WILLIAMS TO SPEAK AT PIKEVILLE

Judge Joe V. Williams will speak Sunday afternoon at Pikeville in the interest of the Red Cross. The meeting will be held at 2 o'clock, and one of the largest attendances ever gathered in the Sequachee valley town is expected to be on hand.

# ATTENTION W. O. W.

All members of Camp 6, visiting members and the public are cordially invited to attend an open meeting to celebrate the twenty-fifth anniversary of Camp 6. Good speeches.

MONDAY AT EIGHT O'CLOCK  
208½ EAST MAIN STREET  
Ben Miller, Clerk
